

Make a **SPLASH** as a *Blue Team*!

Teachers, Scout Leaders, Home-School Parents!

*YOU have the opportunity to CREATE a Youth-Powered **Blue Team** to help care for one of our most precious natural resources - **WATER!** **Blue Teams** carry out a water quality action project that promotes **sustainability** and **stewardship** in their community. This program is possible with generous funding from the **Discuren Foundation**.*

WHAT IS A BLUE TEAM?

A **Blue Team** is a group of students (a classroom, school club, or a neighborhood, home school, scout or camp group) who commit to taking on and completing a water stewardship project in their community. The students can create their own project or use one listed here.

Blue Teams receive **6 hours** of expert help from a Nature Vision Water Specialist- help in planning, preparing for, and executing your project.

Blue Team participants also receive recognition upon completion of the project. This program is available to students in **grades K - 12!**

BLUE TEAM PROJECTS IDEAS

- **Help restore a stream or wetland**
- **Replace landscaping with drought tolerant water-wise Native Plants**
- **Research and remove invasive plants**
- **Create posters, brochures or a video to teach others about water conservation and non-point source pollution and best management practices**
- **Start a campaign at your school and/or community to increase water quality awareness**
- **Take the Water-Saving challenge and find ways to conserve water use in your classroom, home and school**
- **Use vermi-composting (worm bin) for school or classroom lunch waste to create nutrient rich compost to use on school grounds to increase plant health and water efficiency**
- **Stencil school or neighborhood storm drains**

HOW TO REGISTER: Fill out and fax or e-mail the registration form below. Questions - contact info@naturevision.org. Within one week of submitting your registration form, you will receive a phone call from a water specialist to talk about your idea, set dates and jump-start your project! Nature Vision, Inc. is a non-profit Environmental Education organization in King County.
